The preference does not apply to services.

Note: These do not apply to a vendor of goods, whether in quantity or not, when the price of a single unit is more than \$30,000.00, or to any procurement where the contract award is less than \$10,000.00.

Notice: Important information pertaining to preferences.

*If a bidder has not requested the preferences he will neither be entitled to claim any preference against another bidder nor will he be protected from application of another bidder's claim to a preference against his bid in determining contract award.

Discussion with Bidders

Discussion may be conducted with apparent responsive bidders for the purpose of clarification to assure full understanding of the requirements of the invitation for bids.

Discussions/Negotiations

By submission of a bid/proposal, the bidder/proposer agrees that their bid/proposal is based on the written specifications, terms and conditions and any written amendments issued by the procurement officer of record. The bidder/proposer agrees that during the period following issuance of a bid/proposal and prior to notification of intent and/or award of contract, bidder/proposer shall not discuss this procurement with any party except the procurement officer of record of the SC Department of Natural Resources or other parties designated in this solicitation. A bidder/proposer may have their bid/proposal rejected if they violate this condition.

Funding Notice

The award of this bid is being funded in whole or in part by federal funds. The percentage of the total cost of this bid that will be financed by federal funds is as indicated n/a %, project dollar amount \$ n/a, and percentage of project financed by non-governmental sources \$ n/a.

The State of South Carolina, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000D-4 and title 499, Code of Federal Regulations, DOT, Subtitle A, Office of the Secretary, Part 21, nondiscrimination in federally-assisted programs of the DOT issued pursuant to such act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or natural origin in consideration for an award.

INSTRUCTION TO BIDDERS

Only one copy of the invitation to bid is required.

Bids, amendments thereto or withdrawal request must be received by the time advertised for bid opening to be timely filed. It is the vendor's sole responsibility to insure that these documents are received by the person (or office) at the time indicated in the solicitation document. Any withdrawal request received after time of opening shall be governed by regulation 19-445.2085.

When specifications or descriptive papers are submitted with bid invitation, enter bidder's name thereon. Submit your signed bid on this form. Show bid number on envelope as instructed. The State of South Carolina assumes no responsibility for unmarked or improperly marked envelopes. All envelopes received showing a bid number are placed directly under locked security until the date and time of opening. Do not include more than one bid invitation per envelope.

If directing any other correspondence, address the envelope to the individual identified for inquiries on the front page of the solicitation, but do not include the bid number on this envelope since it does not include your bid.

Bidders must clearly mark as "confidential" each part of their bid which they consider to be proprietary information that could be exempt from disclosure under section 30-4-40, Code of Laws of South Carolina 1976, as amended (Freedom of Information Act). If any part is designated as confidential, there must be attached to that part an explanation of how this information fits within one or more categories listed in section 30-4-40. The State reserves the right to determine whether this information should be exempt from disclosure and no legal action may be brought against the State or its agents for its determination in this regard.

By submission of a bid, you are guaranteeing that all goods and services meet the requirements of the solicitation during the contract period.

Tie bids will be resolved as outlined in Section 11-35-1520(9) of the South Carolina Consolidated Procurement Code.

Do not include any taxes in the bid price shown that the State may be required to pay. Upon submission of a bid by a State agency, the procurement officer will compute a 5% sales/use tax to the non-state agency bids when applicable (service/labor excluded) in determining the low bidder. This procedure is necessary by S.C. Tax Commission sales and use tax regulation 117-174-.95.

Any vendor desiring to exercise rights under section 11-35-4210 (right to protest) of the South Carolina Consolidated Procurement Code should direct all correspondence to the Chief Procurement Officer, Materials Management Office, 1201 Main Street, Suite 600, Columbia, SC 29201.

GENERAL PROVISIONS

Bid Rejection/Cancellation: The State of South Carolina reserves the right to reject any and all bids and to cancel the solicitation.

Unit Price Governing: Unit prices will govern over extended prices unless otherwise stated in bid invitation.

Bidders Qualification: Bidders must, upon request of the State, furnish satisfactory evidence of their ability to furnish products or services in accordance with the terms and conditions of these specifications. The S.C. Department of Natural Resources reserves the right to make the final determination as to the bidder's ability to provide the products or services requested herein.

Solicitation Amendments: All amendments to and interpretations of this solicitation shall be in writing from the S.C. Department of Natural Resources and the procurement officer shall not be legally bound by any amendment to provide interpretation that is not in writing.

Bidders Responsibility: Each bidder shall fully acquaint himself with conditions relating to the scope and restrictions attending the execution of the work under the conditions of this bid. It is expected that this will sometimes require on-site observation. The failure or omission of a bidder to acquaint him with existing conditions shall in no way relieve him of any obligation with respect to this bid or to the contract.

Award Criteria: The contract shall be awarded to the lowest responsible and responsive bidder(s) whose bid meets the requirements and criteria set forth in the invitation for bids.

Rejection: The State reserves the right to reject any bid that contains prices for individual items or services that are unreasonable when compared to the same or other bids if such action is in the best interest of the State.

Competition: This solicitation is intended to promote competition. If the language, specifications, terms and conditions, or

any combination thereof restricts or limits the requirements in this solicitation to a single source, it shall be the responsibility of the interested vendor to notify the S.C. Department of Natural Resources in writing so as to be received five (5) days prior to the opening date. The solicitation may or may not be changed but a review of such notification will be made prior to award.

Waiver: The State reserves the right to waive any instruction to bidders, general or special provision, general or special condition, or specifications deviation in accordance with the authority provided in regulation 19-445.2080.

Order of Precedence: In the event of inconsistency between provisions of this solicitation, the inconsistency shall be resolved by giving precedence in the following order (a) bid pricing schedule, (b) bid specifications, (c) standard solicitation provisions/general contract clauses, whether incorporated by reference or otherwise, (d) special solicitation provisions/special contract clauses and (e) instructions to bidders.

Correction of Errors on This Bid Form: All prices and notations should be printed in ink or typewritten. Errors should be crossed out corrections entered and initialed by the person signing the bid. Erasures or use of typewriter correction fluid may be cause for rejection. No bid shall be altered or amended after specified time for opening.

GENERAL CONTRACT CLAUSES

Default: In case of default by the contractor, the State reserves the right to purchase any or all items in default in the open market, charging the contractor with any additional costs. The defaulting contractor shall not be considered a responsible bidder until the assessed charge has been satisfied.

Certification Regarding Debarment and Other Responsibility Matters:

(a)(1) By submitting an Offer, Offeror certifies, to the best of its knowledge and belief, that-

(i) Offeror and/or any of its Principals-

(A) Are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any state or federal agency;

(B) Have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and

(C) Are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.

(ii) Offeror has not, within a three-year period preceding this offer, had one or more contracts terminated for default by any public (Federal, state, or local) entity.

(2) "Principals," for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

(b) Offeror shall provide immediate written notice to the Procurement Officer if, at any time prior to contract award, Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) If Offeror is unable to certify the representations stated in paragraphs (a)(1), Offer must submit a written explanation regarding its inability to make the certification. The certification will be considered in connection with a review of the Offeror's responsibility. Failure of the Offeror to furnish additional information as requested by the Procurement Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly or in bad faith rendered an erroneous certification, in addition to other remedies available to the State, the Procurement Officer may terminate the contract resulting from this solicitation for default.

Certificate of Independent Price Determination (May 2008)

GIVING FALSE, MISLEADING, OR INCOMPLETE INFORMATION ON THIS CERTIFICATION MAY RENDER YOU SUBJECT TO PROSECUTION UNDER SECTION 16-9-10 OF THE SOUTH CAROLINA CODE OF LAWS AND OTHER APPLICABLE LAWS.

(a) By submitting an offer, the offeror certifies that—

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to—

- (i) Those prices;
- (ii) The intention to submit an offer; or
- (iii) The methods or factors used to calculate the prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory—

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this certification; or

(2)(i) Has been authorized, in writing, to act as agent for the offeror's principals in certifying that those principals have not participated, and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this certification [As used in this subdivision (b)(2)(i), the term "principals" means the person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal];

(ii) As an authorized agent, does certify that the principals referenced in subdivision (b)(2)(i) of this certification have not participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this certification; and

(iii) As an agent, has not personally participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this certification.

(c) If the offeror deletes or modifies paragraph (a)(2) of this certification, the offeror must furnish with its offer a signed statement setting forth in detail the circumstances of the disclosure. [02-2A032-1]

Contract Administration: Questions or problems arising after award of this contract shall be directed to the S.C. Department of Natural Resources, 1000 Assembly Street, Columbia, S.C. 29201.

Force Majeure: The contractor shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the contractor. Such causes may include, but are not restricted to acts of god or of the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemic, quarantine restrictions, strikes, freight embargoes, and unusually severe weather but in every case the failure to perform must be beyond the control and without the fault or negligence of the contractor. If the failure to perform is caused by default of a subcontractor, and if such default arises out of causes beyond the control of both the contractor and subcontractor, and without the fault or negligence of either of them, the contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the contractor to meet required delivery schedule.

Save Harmless: (This clause does not apply to solicitations for service requirements). The successful bidder shall indemnify and save harmless the State of South Carolina and all State officers, agents, and employees, from all suits of claims of any character brought by reason of infringing on any patent, trade mark or copyright. Bidder shall have no liability to the State if such patent trademark or copyright infringement or claim is based upon the bidder's use of material furnished to the bidder by the State.

Publicity Releases: Contractor agrees not to refer to award of this contract in commercial advertising in such a manner as to State or imply that the products or services provided are endorsed or preferred by the user.

Quality of Product: (This clause does not apply to solicitations for printing and service requirements). Unless otherwise indicated in this bid it is understood and agreed that any item offered or shipped on this bid shall be new and in first class condition, that all containers shall be new and suitable for storage or shipment, and that prices include standard commercial packaging. For information technology procurements as defined in 11-35-310 of the Procurement Code, if items that are other than new (i.e. remanufactured or refurbished) are desired to be bid, the bidder must obtain written permission to bid such items at least 5 days in advance of bid opening from the person to whom inquiries are to be directed as listed on the front page of the bid invitation.

Tax Credit Availability: Vendors interested in income tax credit availability by subcontracting with certified minority firms should contact Office of Small & Minority Business Assistance, 1205 Pendleton Street, Columbia, S.C. (803) 734-0562).

Drug Free Work Place Certification: By submitting an offer, Contractor certifies that, if awarded a contract, Contractor will comply with all applicable provisions of The Drug-free Workplace Act, Title 44, Chapter 107 of the South Carolina Code of Laws, as amended.

S.C. Law Clause: Upon award of a contract under this bid, the person, partnership, association, or corporation to whom the award is made must comply with the laws of South Carolina, which require such person or entity to be authorized and/or licensed to do business with this State. Notwithstanding the fact that applicable statutes may exempt or exclude the successful bidder from requirements that it be authorized and/or licensed to do business in this State, by submission of this signed bid, the bidder agrees to subject himself to the jurisdiction and process of the courts of the State of South Carolina as to all matters and disputes arising or to arise under the contract and the performance thereof, including any questions as to the liability for taxes, licenses, or fees levied by the State.

Termination: The State may, by written notice of default to the contractor, terminate this contract in whole or in part if the contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension. (See Default Clause)

Assignment: No contract or its provisions may be assigned, sublet, or transferred without the written consent of the S.C. Department of Natural Resources.

Affirmative Action: The successful bidder will take affirmative action in complying with all federal and state requirements concerning fair employment and employment of the handicapped, and concerning the treatment of all employees, without regard or discrimination by reason of race, color, religion, sex, national origin or physical handicap. The following are incorporated herein by reference: 41 C.F.R 60 - 1.4, 60-250.4 and 60-7

Protection of Human Health and the Environment: The State of South Carolina requires all contractual activities to be in compliance with local, state, and federal mandates concerning "Protection of Human Health and the Environment". Any contractor doing business with the State will be required to document compliance and to specify prudent practices used by the contractor to address applicable mandates including, but not restricted to, "The Hazard Communication Standard" OSHA CFR 1910.1200 (SCRR Article 1,71-1910.1200). By submission of this bid, the vendor agrees to take all necessary steps to ensure compliance with these requirements.

Payment of Goods & Services: Payment of goods and services received by the State shall be processed in accordance with section 11-35-45 of the South Carolina Procurement Code.

SPECIAL SOLICITATION PROVISIONS

Scope: Grade and Slope Restoration of Fish Rearing Ponds at Dennis Wildlife Center complying with the enclosed description and/or specifications and conditions as applicable to this bid notice.

Bidding Instructions: The specifications listed herein are not to be considered restrictive to one source of supply. However, items offered must be equal in quality and performance. The offeror must include with his bid, supporting product data sufficient for the State to determine equality and acceptability. The right is reserved to reject any offering in which the items offered are considered unsatisfactory in any manner. The State will determine if minor deviations from the listed features are acceptable.

Evaluation/Award: Award will be made to one bidder for entire quantity.

Delivery: Deliveries shall be FOB destination, freight prepaid. It is agreed by the parties hereto that delivery by the contractor to the common carrier does not constitute delivery to the State. Any claim for loss or damage shall be between the contractor and the carrier.

SPECIAL CONDITIONS CLAUSES

Warranty: Manufacturer's standard warranty will be required in writing with delivery of product.

Indemnification: The State of South Carolina, its officers, agents, and employees shall be held harmless from liability from any claims, damages and actions of any nature arising from the use of any materials furnished by the contractor, provided that such liability is not attributable to negligence on the part of the using agency or failure of the using agency to use the materials in the manner outlined by the contractor in descriptive literature or specifications submitted within the contractor's bid.

Alterations: No alterations are to be made to the requirements of this solicitation without prior approval from the SCDNR Purchasing Office. Any alterations made without prior approval will result in non-payment for the costs incurred for the alterations.

Licenses, Permits, Insurance: Work performed must comply with all applicable laws, ordinances, building codes, and zoning regulations. All costs for required licenses, permits, and insurance shall be borne by the contractor.

Site Clean Up: The contractor shall keep the construction site clean and free from accumulation of debris or building materials during the construction. At the completion of the work, the entire facility and premises shall be left clean. The contractor shall remove from the premises all accumulations of trash and other materials, which are not used in the construction process, on a daily basis.

Contractor's Care: Contractor shall exercise due care in protecting SCDNR property. Vendor will be responsible for any damages and will be required to restore/repair any damaged property. If the contractor fails or refuses to repair any damages promptly, the contracting officer may have the necessary work performed by another party and have the cost charged to the contractor.

Payment: Payment will be made upon 100% completion and approval of work.

Final Inspection: At the completion of the contracted work, a representative of SCDNR will accompany the contractor on an inspection of the work. All defects found in the work must be corrected before payment will be authorized.

Contractor's Liability Insurance: (1) Contractor shall purchase from and maintain in a company or companies lawfully authorized to do business in South Carolina such insurance as will protect the contractor from the types of claims set forth below which may arise out of or result from the contractor's operations under the contract and for which the contractor may be legally liable, whether such operations be by the contractor or by a subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable: (a) claims under workers' compensation, disability benefit and other similar employee benefit acts which are applicable to the work to be performed; (b) claims for damages because of bodily injury, occupational sickness or disease, or death of the contractor's employees; (c) claims for damages because of bodily injury, sickness or disease, or death of any person other than the contractor's employees; (d) claims for damages insured by usual personal injury liability coverage; (e) claims for damages, other than to the work itself, because of injury to or destruction of tangible property, including loss of use resulting therefrom; (f) claims for damages because of bodily injury, death of a person or property damage arising out of ownership, maintenance or use of a motor vehicle; (g) claims for bodily injury or property damage arising out of completed operations; and (h) claims involving contractual liability insurance applicable to the Contractor's obligations under the provision entitled Indemnification – Third Party Claims.

(2) Coverage shall be written on an occurrence basis and shall be maintained without interruption from date of commencement of the work until date of final payment. Coverage must include the following on a commercial basis: (i) Premises – Operations, (ii) Independent Contractor's Protective, (iii) Products and Completed Operations, (iv) Personal and Advertising Injury, (v) Contractual, including specific provision for contractor's obligations under the provision entitled Indemnification – Third Party Claims, (vi) Broad Form Property Damage including Completed Operations, and (vii) Owned, Non-owned and Hired Motor Vehicles.

(3) The insurance required by this paragraph shall be written for not less than the following limits of liability or as required by law, whichever coverage is greater.:

COMMERCIAL GENERAL LIABILITY:

General Aggregate (per project) \$1,000,000

Products/Completed Operations \$1,000,000

Personal and Advertising Injury \$1,000,000

Each Occurrence \$1,000,000

Fire Damage (Any one fire) \$ 50,000

Medical Expense (Any one person) \$ 5,000

BUSINESS AUTO LIABILITY (including All Owned, Nonowned, and Hired Vehicles):

Combined Single Limit \$1,000,000

OR

Bodily Injury & Property Damage (each) \$750,000

WORKER'S COMPENSATION:

State Statutory

Employers Liability \$100,000 Per Acc.

\$500,000 Disease, Policy Limit; \$100,000 Disease, Each Employee

(4) Required Documentation. (a) Prior to commencement of the work, contractor shall provide to the state a signed, original certificate of liability insurance (ACORD 25). The certificate shall identify the types of insurance, state the limits of liability for each type of coverage, include a provision for 30 days notice prior to cancellation, name every applicable using governmental unit (as identified on the cover page) as a Certificate Holder, provide that the general aggregate limit applies per project, and provide that coverage is written on an occurrence basis. (b) Prior to commencement of the work, contractor shall provide to the state a written endorsement to the contractor's general liability insurance policy that (i) names every applicable using governmental unit (as identified on the Cover Page) as an additional insured, (ii) provides that no material alteration, cancellation, non-renewal, or expiration of the coverage contained in such policy shall have effect unless the named governmental unit(s) has been given at least thirty (30) days prior written notice, and (iii) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of the state as secondary and noncontributory. (c) Both the certificate and the endorsement must be received directly from either the contractor's insurance agent or the insurance company.

(5) Contractor shall provide a minimum of thirty (30) days written notice to every applicable using governmental unit of any proposed reduction of coverage limits (on account of revised limits or claims paid under the General Aggregate) or any substitution of insurance carriers.

(6) The state's failure to demand either a certificate of insurance or written endorsement required by this paragraph is not a waiver of contractor's obligations to obtain the required insurance.

Regulations and Standards: The work shall comply with all laws, ordinances and regulations of all legally constituted authorities having jurisdiction over any part of this work. These requirements supplement the specifications and shall take precedence in case of conflict.

All work shall be performed and completed in a thoroughly workmanlike and professional manner in accordance with best modern practices, regardless of any omissions from the attached specifications and/or drawings.

All materials and equipment shall be new and shall comply with the applicable standard in every case where such a standard has been established for the particular type of material in question.

Contractor License Requirements: Contractor shall be licensed in accordance with the General and Mechanical Contracting Act through the South Carolina Contractors' Licensing Board. Contractor shall be licensed in the particular area of work to be performed and provide license number.

IMPORTANT NOTICE

Bidder/Offeror

Re: S.C. Withholding Tax Amendments

Code Section 12-9-310(A)(2)(3)

Effective July 1, 1994, Section 49, Appropriation Bill, Part II amended the above referenced code section to eliminate withholding from payments to nonresident contractors and rental recipients if the nonresident is registered or registers with the S.C. Department of Revenue or the S.C. Secretary of State's Office. The nonresident must provide an affidavit to whomever they are contracting with to that effect.

The entity or person letting the contract to the nonresident will retain the affidavit. In the absence of an affidavit being provided, withholding will be required (contracts--2%, rental or royalty recipients--7% for corporations, or 5% for individuals and partnerships).

The filing of the affidavit affirming registration by the nonresident eliminates the requirement to withhold by those letting contracts to nonresident as well as the posting of the surety bond by the nonresident. Enclosed is an affidavit and instructions to be used when contracting with nonresidents.

Forms to register for all taxes administered by the South Carolina Department of Revenue may be obtained by calling the License and Registration Section at (803) 898-5872 or writing the S.C. Department of Revenue, Registration Unit, Columbia, S.C. 29214-0140.

INSTRUCTIONS

NONRESIDENT TAXPAYER REGISTRATION AFFIDAVIT

REQUIREMENTS TO MAKE WITHHOLDING PAYMENTS

Code Section 12-9-310(A)(3) requires persons hiring or contracting with a nonresident taxpayer to withhold 2% of each payment made to the nonresident where the payments under the contract exceed \$10,000.00 in any one calendar year.

Code Section 12-9-310(A)(2) requires persons making payment to a nonresident taxpayer of rentals or royalties at a rate of \$1,200.00 or more a year for the use of or for the privilege of using property in South Carolina to withhold 7% of the total of each payment made to a nonresident taxpayer who is not a corporation and 5% if the payment is made to a corporation.

PURPOSE OF AFFIDAVIT

A person is not required to withhold taxes with regard to any nonresident taxpayer who submits an affidavit certifying that it is registered with either the South Carolina Secretary of State or the South Carolina Department of Revenue.

TERM AND DURATION OF AFFIDAVIT

It is recommended that an affidavit be obtained from a nonresident taxpayer for each separate contract or agreement. Otherwise, the affidavit submitted by a nonresident taxpayer shall remain in effect for a period of three (3) years, or for a lesser time if the person earlier receives notice of revocation of exemption from withholding from the South Carolina Department of Revenue.

**STATE OF SOUTH CAROLINA DEPARTMENT OF REVENUE
NONRESIDENT TAX PAYER REGISTRATION AFFIDAVIT

6. I hereby certify that the above named nonresident taxpayer is currently registered with (check the appropriate statement below):

_____ The South Carolina Secretary of State or

_____ The South Carolina Department of Revenue

Date of Registration: _____

7. I understand that by this registration, the above named nonresident taxpayer has agreed to be subject to the jurisdiction of the South Carolina Department of Revenue and the courts of South Carolina to determine its South Carolina tax liability, including estimated taxes, together with any related interest and penalties.

8. I understand the South Carolina Department of Revenue may revoke the withholding exemption granted under Code Section 12-9-310 at any time it determines that the above named nonresident taxpayer is not cooperating with the Department in the determination of its correct South Carolina tax liability.

The undersigned understands that fine; imprisonment or both could punish any false statement contained herein.

Recognizing that I am subject to the criminal penalties under Code Section 12-54-40(b)(6)(f)(5), I declare that I have examined this affidavit and to the best of my knowledge and belief, it is true, correct and complete.

Specifications for Grade and Slope Restoration of Fish Rearing Ponds at Dennis Wildlife Center in Bonneau, SC

****NOTE: Vendors downloading this solicitation from the internet will need to contact James Jackson (803-734-3978) to request copies of the drawings discussed in the technical specifications section.****

Intent:

It is the intent of the South Carolina Department of Natural Resources (SCDNR) to secure qualified contractors capable of providing grade and slope restoration services on twenty-nine (29) fish rearing ponds at the Dennis Wildlife Center in Bonneau, SC.

Site Location:

South Carolina Department of Natural Resources-Dennis Wildlife Center
305 Black Oak Rd.
Bonneau, SC 29431

Site Visit:

Due to the importance of all offerors having a clear understanding of the specifications and requirements of this solicitation, it is recommended that all interested contractors make a site visit. Contractor's failure to visit the site will not relieve the contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the State. The State assumes no responsibility for any conclusions or interpretations made by the Contractor based on information made available at the site visit. Nor does the State assume responsibility for any understanding reached or representation made by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

To schedule a site visit, please call Forrest Sessions at (843) 825-3387.

Department's Obligation:

SCDNR makes no guarantees as to the correctness of the information and materials identified in this specification. It shall be the contractor's responsibility to ascertain the full extent of this job.

Completion Date:

PART A - GENERAL TECHNICAL CONDITIONS

1:01 DESCRIPTION OF WORK

- 1:01.1 The work under this Specification shall consist of land clearing, earthwork, disposal of debris and excavated materials, and other items required to prepare and construct the sites and access roads, and make other site improvements as described herein and as explained further in Part B of this Specification and as shown on the Contract Drawings.
- 1:01.2 The CONTRACTOR shall furnish all equipment, material (except material designated as supplied by others), labor and supervision necessary to complete all WORK as defined on the Drawings and in this Specification.
- 1:01.3 The construction Drawings to be used at the job site will be stamped "Approved for Construction". No other Drawings shall be used for the particular WORK to which this Specification applies.
- 1:01.4 Part A of this section describes general technical conditions and requirements for clearing and grading. Specific instructions for this project are given in Part B.

1:02 CONTRACTOR'S FUNCTION

- 1:02.1 The CONTRACTOR shall act as a construction organization, furnishing all supervision, labor, tools, apparatus, equipment and conveyances necessary to perform the WORK covered by this Specification, including receiving, unloading, checking, distributing, assembling, and erecting in place all material and equipment being furnished by the CONTRACTOR or the OWNER.
- 1:02.2 The CONTRACTOR shall furnish at his own cost all temporary or expendable materials required for the performance of the WORK.

1:03 CODES AND STANDARDS

- 1:03.1 This installation shall comply with requirements of all legally constituted authorities having jurisdiction over any part of this WORK. Those requirements supplement this Specification and shall take precedence in case of conflict.
- 1:03.2 All WORK shall be performed and completed in a thorough manner in accordance with best modern practice for earthwork and clearing and grading, regardless of any omission from these Specifications and Drawings.
- 1:03.3 The latest edition of the following codes and standards shall be considered as a partial listing for this project:
 - American Society for Testing and Materials (ASTM)
 - South Carolina State Highway Department Standard (SCSHD)
 - Specifications for Highway Construction
 - American Concrete Institute (ACI)

1:04 STAKING OF WORK

- 1:04.1 Unless otherwise specified either in Part B or on the Drawings, the OWNER shall establish all benchmarks for elevation reference and baselines or limits of property. The CONTRACTOR shall perform all necessary construction surveying, including that required to establish and maintain lines and grades necessary for completion of the WORK. The CONTRACTOR shall be responsible for final correct alignment, dimensioning, and elevation control. Before commencement of the WORK, the CONTRACTOR shall verify in the field elevations and critical distances shown on the Drawings.

- 1:04.2 The Contractor shall be responsible for maintaining and replacing all benchmarks or reference points unless otherwise specified.
- 1:04.3 When excavation or fill items are required, the CONTRACTOR shall verify existing ground elevations shown on the Drawings before commencement of WORK. If the CONTRACTOR finds that the existing elevations differ from those shown on the Drawings, the OWNER shall be notified in writing before commencement of WORK. Adequate cross-sections shall be taken to reflect the existing grade in the WORK area, the limits of excavation, and the final elevations.

1:05 ADHERENCE TO DRAWINGS AND SPECIFICATIONS

- 1:05.1 Finished WORK in all cases shall conform to the lines, elevations and dimensions shown on the Drawings. Any deviation from the working Drawings which may be required by the demands of construction will be determined and authorized by the OWNER in writing.

1:06 MAINTENANCE OF EXISTING FACILITIES

- 1:06.1 The OWNER assumes no responsibility for the condition or maintenance of any road or structure that may be used by the CONTRACTOR in performing the WORK under these Specifications, or in transferring materials to and from the site of the WORK. No payment will be made to the CONTRACTOR by the OWNER for any WORK done in constructing, improving, repairing or maintaining roads, embankments, or structures in the performance of WORK under these Specifications, unless such WORK is explicitly called for in these Specifications or on the Drawings. Roads subject to interference by the WORK shall be kept open.
- 1:06.2 The CONTRACTOR shall be responsible for the maintenance of existing drainage facilities from the date any WORK is begun to the date of final acceptance.
- 1:06.3 This provision shall not be construed as a requirement that the CONTRACTOR improve existing drainage facilities, except as specifically called for in this Specification or on the Drawings.
- 1:06.4 It is a requirement that the CONTRACTOR conduct his operations in such a manner that damage to the WORK or to abutting property shall not result from his operations. Obstruction of natural flow in waterways by stockpiling or storing materials, or by placement of equipment or supplies without provision for adequate bypassing of such natural flow, shall be prevented. The CONTRACTOR shall utilize Best Management Practices (BMP's) for temporary erosion control measures and as may be described in Part B including provisions such as hay bales and or silt fences. Collections of debris which prohibit or inhibit normal functioning of drainage facilities shall be removed promptly by the CONTRACTOR.

1:07 FILL, COMPACTION, AND GRADING

- 1:07.1 WORK under this Item may include providing the necessary fill for the site which shall be spread and compacted to required grades, elevations, and cross-sections as shown on the Drawings.
- 1:07.2 In areas to be filled, the depth of each lift shall be as specified in Part B of this Specification. Unless stated otherwise in Part B, each lift shall be compacted to ninety-five percent (95%) required density for the particular soil obtained by the Standard Proctor Test for Moisture Density Relationship, ASTM D698. The moisture content during compaction of the fill material shall be no greater than four percent (4%) above the optimum moisture content. The OWNER may perform Sand Cone Density Tests, ASTM D15556, within each specified lift of compacted fill material at various locations and elevations to ensure proper compaction. Nuclear density tests may be used if results are correlated by the Sand Cone Density Test. The OWNER, at his discretion, may charge the CONTRACTOR for any density tests taken which indicate the required compaction is below the minimum specified. Charges to the CONTRACTOR shall be the total actual costs

incurred by the OWNER.

1:07.3 Surfaces to be filled shall be sufficiently firm and relatively even to support construction equipment. Spongy, soft areas that pump excessively shall be undercut a minimum of two (2) feet with the approval of the OWNER.

1:07.4 Slopes shall be an integral part of roads and sites. Fill and compaction shall start at the toe of slopes (final cross sections) with the existing ground.

1:08 ROADWAY AND WEARING SURFACES

1:08.1 The roadway and wearing surfaces shall consist of a compacted layer of crusher run limestone meeting the South Carolina State Highway Department's SABC-No. 2 gradation. This layer is to be compacted to a minimum of 95 percent of maximum density as determined by the Standard Proctor Test (ASTM D698). The OWNER may perform the Standard Proctor Test (ASTM D698) and perform Sand Cone Density Tests (ASTM 1556) on in-place compacted limestone at several locations. Nuclear density tests may be used if results are correlated by the Sand Cone Density test. This WORK shall be done with appropriate spreading, leveling, and compacting equipment which shall spread, shape, and compact the material to the required grades, elevations, and thickness shown on the Contract Drawings.

1:08.2 The CONTRACTOR shall be responsible for all aspects of procuring and hauling the crusher run limestone to the site.

1:09 CULVERTS

1:09.1 Unless otherwise specified in Part B or on the Drawings, culverts shall be Class 3 reinforced concrete pipe culverts. Culverts and culvert installation shall comply with Section 714, SCSHD.

1:10 FINAL CLEANUP AND SITE RESTORATION

1:10.1 The CONTRACTOR shall make a general cleanup of the site, remove all his plant and equipment, and shall do all WORK necessary to restore the site of his operation to the condition as at the beginning of the WORK under this CONTRACT. The CONTRACTOR shall make adequate provisions for disposing of all refuse material off site and in accordance with applicable laws or ordinances.

PART "B" - SPECIFIC PROJECT INSTRUCTIONS

1:11 SCOPE OF WORK

1:11.1 This SPECIFICATION is for grade and slope restoration of the one half acre South Carolina Department of Natural Resources Bonneau Fish Hatchery fish rearing ponds located at the Dennis Wildlife Fish Hatchery Center, Bonneau, South Carolina. Original pond construction consisted of a Phase I completed in 1973 and included thirty-five (35) ponds typically described as half-acre ponds. Phase II construction was completed in 1978, and included twenty (20) additional ponds typically described as one-acre ponds. In addition to the two major construction phases, facilities have undergone renovations including one-half (0.5) acre pond restructuring in 1986. The half-acre ponds are approximately 500 feet long measured from top of slope and approximately 60 feet wide from top of slope. The ponds are approximately 30 to 35 years old and natural bank erosion of the constructed dikes combined with organic and soil deposition may soon affect the biological productivity of the facility

This work will consist of restoring twenty-nine (29) of the thirty-five (35) 0.5 acre ponds to original configuration and grade. **(See Photo #1 & #2 of Pond #21 as an example of final configuration.)** Pond #21 along with 5 other ponds has recently been repaired and graded in a manner that is similar to the expectations of this proposed work for the other ponds. **(Photos #3 & #4 describe an existing pond prior to re-grading. Even though the slopes are in fairly good shape along the length of the pond, there is significant erosion in the area close to the aluminum flashboard riser and the maximum depth of water within the pond has been affected by both deposition and erosion.)** Eroded dike material removed from the base of the ponds shall be used to restore the dikes to original slope configuration. The slope configuration for a typical half-acre pond was originally 2.5 to 1 along its length and approximately 2 to 1 near the end with the aluminum flashboard riser. It is the objective of this work that the half-acre ponds be restored to slopes no steeper than the original constructed slope. Where it is determined that material in excess of that necessary to restore the dikes to the original slope is identified, the additional material shall be used to flatten the interior dike slope to reduce the potential for future bank erosion. The extent if any, of slope modifications from the original shall be performed only after review by the OWNER. Restoration of pond grades and slopes are per the drawings as included in the **“Index of Drawings”**. These drawings provide relative elevations only and are not meant to characterize actual elevations in the field. The slope and distances shown on the drawings accurately portray the projected final configuration of each pond and therefore, should be used as guidance for final configuration. Restoration shall consist of initially determining current grades and side slopes for all 0.5 acre ponds, restoration of the pond grades as per the Drawings or as directed by the OWNER, and final cleanup.

- 1:11.2 Excess material determined to have been deposited by erosion on each pond floor shall be returned to the interior side slopes of each pond where the excess soil is located. If it is determined that soil material is in excess of that required to reestablish the slopes, it is the responsibility of the CONTRACTOR to coordinate with the OWNER for final on-site disposition. Typical soil type in the interior of each pond appears to consist of a CH-type clay to highly plastic clay interspersed with some MH (plastic silts) as described by the Uniformed Soil Classification System. Desiccation observed within the bottom of the drained ponds support this soil typing. **(See Photo #5 showing typical pond soil material.)**

The soil material within the ponds is a reddish brown, to brownish gray mottled clay containing some sand and silts.. By field inspection, the soil extends at least 12 inches deep along the base of the ponds. It is important that the CONTRACTOR attempt to maintain the integrity of the clay. Should the CONTRACTOR encounter soils other than those described above within the base of a pond, the OWNER will be notified immediately prior to continuation of work.. Re-distributed soil utilized on the interior dikes shall be compacted in accordance with standard construction practice with lifts not exceeding 8 inches.

- 1.11.3 It is the objective of this work effort to restore the one-half acre ponds to at least original configuration. The controlling horizontal and vertical feature for each pond is the concrete and masonry block catch basin (also referred to as the “fish kettle”) located at the base of the aluminum flashboard riser. **(See Photo #6 of aluminum flashboard Riser.)** The catch basin consists of a poured concrete slab with a perimeter concrete masonry unit (CMU) wall, 2 units high on 3 sides. A notch configured by the omission of one CMU on each side forms a square-notched weir. The invert of that weir which is approximately 6 inches above the slab constitutes the controlling elevation for each pond. It is the objective of this work that the finished grade of the pond and the invert of the notched weirs be equal. **(See Photo #7 of Pond #21 as an example of the final grade configuration at the catch basin.)**

1:12 SURVEYING

- 1:12.1 Per paragraph 1:04.1 of this specification, the CONTRACTOR shall perform all construction surveying. Construction survey shall originate from existing property corners and elevations or temporary benchmarks established by the contractor.

1:13 SUBSURFACE INVESTIGATION

- 1:13.1 No formal subsurface investigations were performed as a part of this work. Field observations of soil conditions up to 1 foot deep were ascertained and indicate that at least the pond bottom consists primarily of highly plastic clays with some silts (CH & MH) material.
